

# Bible Reading Schedule

## Advent through Lent 2024

The following Bible reading plan is based on the Daily Office Lectionary from the Book of Common Prayer (1979). It's a two-year reading plan built around the major seasons and celebrations of the Church (Advent, Lent, Easter, and Pentecost), and the daily Bible readings typically align with those seasons.

This plan is also designed to help readers engage in daily times of prayer. The first line of each day's reading includes one or more psalms that can be used for morning prayer. The second line includes one or more psalms that can be used for evening prayer. The remaining lines are Old and New Testament selections that can be read throughout the day. Some readers may prefer to read all the selections in one sitting, rather than spreading them out, which will certainly be beneficial, as well.,

# Bible Reading Schedule

This plan is also designed to help readers engage in daily times of prayer. The first line of each day's reading includes one or more psalms that can be used for morning and/or evening prayers. The remaining lines are Old and New Testament selections that can be read throughout the day.
